

Hibernate

You walk a line in space and time
You don't know why
No love no hate don't give don't take
Just Hibernate

Float over oceans, highlands and planes
Sleep through explosions, hibernate

Don't poke don't doubt don't nose around
Don't think out loud
Don't stirr don't shake don't build don't break
Just hibernate

Float over oceans, highlands and planes
Sleep through explosions, hibernate
Float over oceans, highlands and planes
Sleep through explosions, hibernate

Don't beg and don't tease
Don't rule and don't please
Don't try your fate
Just hibernate

No clouds no rain no dust no stains
No one to blame
