

Mr Spiderfingers

Her hair is red, her skin is white
Her ass cheeks make you wanna take a bite
Her eyes are blue like the sky and the sea
Her smile is your ticket to insanity

She smells like angels oughta smell
She's hot like fire, straight outta hell
She don't say much, but her body talks
And everybody's dying off her killer walk

Ooh baby baby you're rockin the scene
I'm a sucker for your dirty kinda clean
Ooh baby baby you're rockin the scene
I'm a sucker for your dirty kinda clean

Her mouth is moving but my ears are down
Her eyes stopped time and turned off the sound
A part of me is almost moving in her direction
Then I wake up with a huge... huge...
Erection

Her hair was red, her skin was white
Her ass cheeks made me wanna take a bite
My balls are blue, my money's gone
What am I gonna do with this huge... huge...
Hard-on
